**Re: RBC Centre
Bob Tarr Audit
Project 0900349/ File No. 2H.1**

We would like to express our appreciation to your efforts in the PCL Corporate Bob Tarr Safety Audit which was held February 27th.

This audit is carried out by PCL Corporate auditors and insurance partners to measure and evaluate our safety programs. The audit team gave the RBC Centre Construction Team high marks for both the work conditions on site and the knowledge and enthusiasm of the workers.

Your commitment and positive attitude for PCL's dedication to safety contributed to a successful audit. Our Subcontractors are an equal partner within our safety culture. The consistent planning ahead for tasks is a big part of the reason the RBC Centre Construction Team did so well in the review. Without everyone's hard work this kind of success would not be achievable.

We want to commend all Subtrades for their commitment to the safety culture of the project and their efforts to make this a zero incidents project.

Please pass this on to all your field personnel to congratulate them on their efforts in maintaining an exceptionally safe work environment.

Let's all continue with our commitment to safety!

Yours truly,

PCL CONSTRUCTORS CANADA INC.

Darius Zaccak, P.Eng.
